Estimated Implementation Date:

4. Code assignments held in excess of 18 months without implementation must be returned to this Administrator for reassignment. I have read and understand these conditions.

No

5. I am aware that all ISPC assignments are provisional and that nobody has a property right in a ISPC. I am aware that the Commission may take an assigned ISPC and reassign it to another person.

Yes No

6. I am aware that once a carrier has been granted its signalling point code, it must file annual International Traffic Data Reports (Section 43.61), which are due only July 31 each year, and the annual Circuit Status Reports (Section 43.82), which are due on March 31 each year. Unless a carrier that has been granted a point code has notified this office that it has nothing to report, its failure to file either of these reports will be interpreted as inactive operation and could, therefore, result in the loss of the carrier's point code assignment.

Yes No

7. Are you a current holder of a 214 license (international telecommunication common carrier)?

If yes, enter the 214 file number:

If no, please explain:
